PoleLock Solar Panel Mounting System

www.sunlock.com.au

SOLAR PANEL INSTALLATION MADE SIMPLE

PoleLock is an Australian designed and manufactured pole mounted solar panel mounting system, part of the SunLock family of solar framing products.

Available in a wide range of sizes, PoleLock can support between one and four panels ranging in size from 80W to 250W, providing a potential capacity of up to 1kW on a single frame.

With the option to adjust the inclination angle of the solar array, PoleLock can be installed in the majority of installation sites around Australia allowing the user to optimise the yield according to the local latitude and season.

All PoleLock frames are fully certified to AS/NZS 1170.2:2011 and are backed by a comprehensive 10 year warranty making it a sensible choice for residential, commercial and remote area solar installations.

Sales Code	Description
SLP01	1-panel PoleLock frame
SLP02	2-panel PoleLock frame
SLP03	3-panel PoleLock frame
SLP04	4-panel PoleLock frame
SLCK2POLE003	30-40mm panel clamping kit
SLCK2POLE005	40-46mm panel clamping kit
SLCK2POLEF35	35mm panel clamping kit
SLCK2POLEF38	38mm panel clamping kit
SLCK2POLEF45	45mm panel clamping kit
SLPBS01	1-panel bird repellent kit
SLPBS02	2 / 3 / 4-panel bird repellent kit

THE POLELOCK ADVANTAGE

- Modular, expandable and versatile
- 6000 series alloy and hot dipped galvanised design provides high durability and corrosion resistance
- AS / NZS 1170.2:2011 compliant for non-cyclonic regions (wind regions A & B)
- Supports between one and four panels of sizes ranging from 80W to 250W providing a maximum potential capacity of 1kW on a single frame
- Adjustment range between 25 and 35 degrees
- Optional bird repellent kits available to further reduce maintenance and cleaning of panels
